They failed in both, at the start, but lately their hopes have been revived by the efforts of a certain class of Domocrats to distract the country, by opposing the administrations of the war.

There are traitor Democrats as there always were. Jefferson had for his vice-president Aaron Burr; Jackson Calhoun, and Buchsana, Breckinridge. Burr, Oalhoun, and Buchsana, Breckinridge. Burr, Calhoun and Buckinridge were traitors. Who is now the true Democrat? He who supports the principles of Jefferson, Jackson and Douglas, or he who supports Burr, Calhoun and Breckinridge? Those Democrats who are now ongaged in dividing the country are traitors to the dying words and sentiments of Stephen. A. Douglas.

The great reliance of the few tories who are shallow enough to believe, or dishonest enough to claim, without believing, that this State will indirectly endorse the policy of Vallandigham, Bob McCleihand, Jeff. Davis & Co., is upon Wayne county. There they are sure of a tremendous majority—1,500, 2,000, or any amount that circumstances require.

This county is used all over the State to keep up the courage of the despondent. But they will slip up. Wayne county and even Detroit will fail the tories. The Republicans neither will give Davis and his allies any ald or comfort. Unless all signs fail Detroit will elect five members of the legislature, and the rest of the county will elect two out of four in the balance of the county, and two out of four in the balance of the county, and two out of the three resusters apportioned to Wayne—leaving the tories only two members and one senator—even the whole Republican county ticket. In conclusion, let me say that, knowing that man well who dictated the article for the Times, I can safely say, and prove, that he has talked to many a negro, telling him to leave his master and go North.
